- ● Yes
- ● No

87.5%

12.5%

1O. If the third group countries is given per month 500 Euros (instead of the current system of monthly 300 Euros), do you think will be an increase in the number of students coming to Turkey?

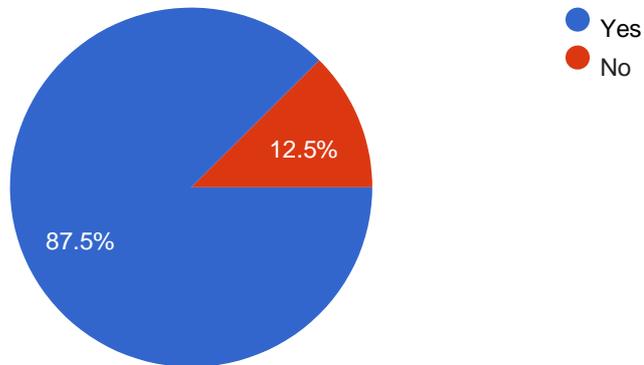

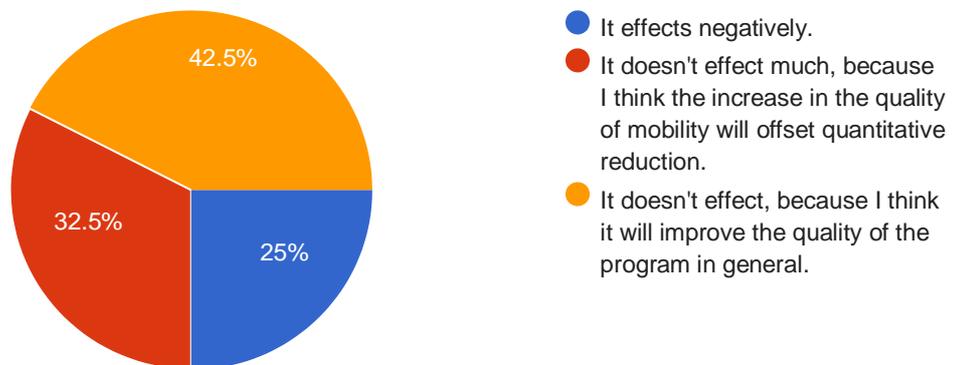

11. Some European countries want students to show a certain amount of Euros in their bank accounts as a guarantee in the visa process. Could this 500 Euros grant provide an advantage to students when getting a visa?
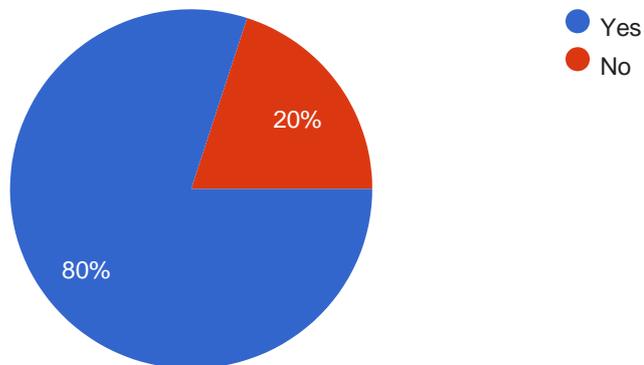

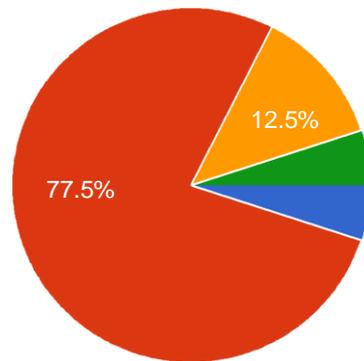

12. Do you think that you will send fewer students as the grant amounts to be allocated to institutions are fixed?

- Yes
- No

42.5%

57.5%
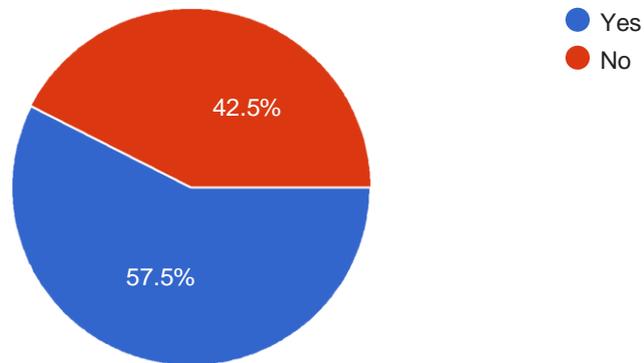

13. How will the possibility of sending fewer students effect your participation in this declaration?

42.5%

32.5%

25%

- It effects negatively.
- It doesn't effect much, because I think the increase in the quality of mobility will offset quantitative reduction.
- It doesn't effect, because I think it will improve the quality of the program in general.

14. Which one is more important to you?

- The decrease in the number of outgoing students depending on the grant increase
- Giving a grant in the amount appropriate for the student's needs
- Possible increase in the number of incoming students
- I am not sure

15. Finally, could you please share with us the issues you think may create advantages or disadvantages regarding the process.
